Submitting VETO on ORDINANCE regarding Disfiguration of Public Property, 134241

March 2, 1979

The Honorable, the Board of Aldermen
City Hall
Somerville, MA

William J. Donovan

Document
Number

Gentlemen: Re: Ordinance No. 1979

I am returning the above captioned Ordinance with my VETO, for the following reasons:—

1. The proposed Ordinance which requires a mandatory minimum fine without regard to the extent of damages and/or the circumstances surrounding the destruction or disfigurement of property is absolutely in appropriate. When hearing a particular case, the judiciary shall be given the latitude to determine a disposition which is in the best interest of both the offender and society.

   I would prefer to see language in the Ordinance which would allow the judiciary the discretion to penalize the offender "up to" the amounts stated based upon the evidence heard.

2. When juveniles are involved in an offense of this type restitution seems to be the better approach, especially for first offenders. The thought of creating an Ordinance which calls for a mandatory minimum fine and therefore a criminal record for a youngster is abhorrent to me.

   Again, the descretion of the judiciary shall be allowed to determine the penalty "up to" a stated amount.

3. The proposed Ordinance calls for special treatment of public buildings. Destruction of City property is dealt with in a different manner than private property.

The Citizens of our community shall be afforded the same protection of their homes and businesses as the City.

Very truly yours,
Thomas F. August

The Honorable, the Board of Aldermen

Gentlemen: Re: Ordinance No. 1978

I am returning the above captioned Ordinance with my VETO. The Ordinance as passed compensates the Housing Authority Members.

The Housing Authority is a corporation created by the State. The City of Somerville does not pay its members. The members are paid under a formula established by the State.

In view of the fact that fiscal restraints are being imposed by our Governor and the Legislature, I cannot at this time sign an increase in compensation for Board Members.

Also, I feel that the separation of powers is in question here because the Mayor as Chief Executive has the duty and responsibility for appropriating monies.

Very truly yours,
Thomas F. August

The Honorable, the Board of Aldermen
City Hall
Somerville, MA

Gentlemen:

I am returning to you the following Ordinances and Resolutions with my VETO due to the fact that I have not had sufficient time in which to properly research each and every one of these most important items.

I am not vetoing these matters because of their contents but only because due to the pressures of the past week, I have not been able to look into these matters, I am in agreement with some of the subject matters and not in agreement with others.

May I suggest that these items be placed on the table for action in the future.

The Resolves and Ordinances referred to above are:

1. Ordinance No. 1979—Establishing a Comprehensive Personnel Program in the City of Somerville

2. Ordinance No. 1978 Establishing a Bureau of Fire Prevention within the City of Somerville

3. Ordinance No. 1978 Establishing a Urban Homestead Program in the City of Somerville

4. Resolve—That the BOA is in favor of Home Rule Petition to exempt the Chief Engineer of the Fire Department from Civil Service and Civil Service Rules.

Gentlemen: Re: Ordinance No. 135049-Regulating the hours for construction work within the City

I have given this matter very serious thought and attention and I have come to the conslusion that if I am to be the responsible leader in this City and represent all of the citizens of this City, I cannot let politics dictate my decisions. I must act in such a way so as to ensure the best interest of the entire city.

The City and the MBTA are embarking upon a relationship that stands to be a substantial benefit to the entire community. Millions of dollars in federal funds are going to flow into the City as a result of the MBTA's programs, and there are many problems which the citizens in the Wards affected will need solved. To destroy this relationship with the MBTA over a piece of legislation which is all probability will have no effect upon the MBTA, is not responsible leadership.

The City Solicitor has advised me that a serious question does exist with regard to the effect of this Ordinance upon the MBTA, and it is my understanding that his was the specific reason for this Ordinance.

Further, the City Solicitor advises me of a recent decision in the Middlesex Superior Court involving the City of Cambridge wherein the issues were similar to those raised by this Ordinance. The Court ruled in favor of the MBTA and further ordered payment of substantial damages to the MBTA by the City of Cambridge. I cannot by my actions leave open the possibility of similar actions involving the City.

As your Mayor, I will continue to monitor closely the actions of the MBTA and the construction process.

I, am unable to disregard my oath as Mayor of the City and as an Attorney. I am, therefore, returning this Order with my VETO.

Respectfully submitted,
Thomas F. August
