EXECUTIVE DEPARTMENT
SOMERVILLE, MASSACHUSETTS

S. LESTER RALPH
MAYOR

12 April 1976

The Honorable, the Board of Aldermen
City of Somerville
Massachusetts

Gentlemen:

I am returning herein Renewal Petition No. 129240 with my veto.

This is a renewal petition for a license to park not more than eighty-five cars at 101 Linwood Street. Presumable, Boston Edison Company means the parking lot on their premises. With reference to this, I would like to point out the following:

William J. Monaco

Document
Number

The lot is not, and to the best of our knowledge, has never been used for employee parking. The lot contains approximately twenty truck bays, seven of which were occupied when the premises were visited on April 9, 1976. In the remainder of the parking lot, there were ten company fleet cars, but not a single private vehicle with the exception of one motorcycle. All employee automobiles seemed to be parked on Linwood Street.

Inasmuch as this parking area seems to be used exclusively for parking Edison vehicles, I find it interesting that the Boston Edison Company does not pay one cent in excise taxes for vehicles parked in this city. I think this situation should be investigated, and that the Boston Edison Company should put its house in order in this matter.

Respectfully yours,
S. Lester Ralph

Babcock to Provisional Fire Alarm Operator in the Department Public Works Lines and Lights Division,

The conduct of the business of the meeting by the President of the Board at such time as the financial orders came before the body was rushed, irresponsible, chaotic and accomplished in a manner whereby only one reading of documents #130008, #130022, #130021, #129971, #129999, #130000 and #129911, took place prior to the adoption of the orders. Neither did the President of the Board call for a roll call, or verbal vote to indicate eight members were present and voting favorably for the adoption of document #130000, which in an inter department transfer. And to characterize the debacle the President of the Board said "How's that for getting through a meeting". The members did nothing to signify their favorable or unfavorable position in respect to the vote of each prior enumerated document.

Upon motion duly made, and seconded the meeting adjourned. Documents requiring the approval of the Mayor were submitted to his office.
